

Online Business Review Giving From the Heart

GIVING FROM THE HEART

When we first moved to Greeley, Colorado, we had 2 goals in mind. First, we answered an ad and interviewed to become a Host Home (Group Home) for Emotionally Disturbed Adolescent Boys. The second goal was to start a ***Therapeutic Horse Back Riding Program for Emotionally Disturbed Children.***

The first one was easy, it paid the bills. The second one was to be more difficult than I realized. The under taking was to be sponsored by donations from area businesses. As I began presenting to local businesses and meetings, the realization hit me that these businesses already had their funds allocated. This put my program in a bit of a dilemma. Nobody knew me as I had just moved to town and the funds were allocated.

This is when I was introduced to **Network Marketing**. My sponsor caught my attention when he asked me what ***my dream was.*** To me, this was obvious. I wanted a business to sponsor my Riding Program.

ONLINE BUSINESS, WHAT IS YOUR REASON

Everyone has a choice to make regarding what they intend to do with their lives and their time. Running ***an online business*** probably wasn't what your school counselor was thinking!

Most people do not chose to ***work from home*** but their circumstances may make that selection for them. Someone shared with them the opportunity for running their ***own online business*** at some time and if the timing was right, they jumped in. Jumping in isn't enough at the time if the fortitude is not there. By this, I mean there will be bumps in the road and

obstacles that tell you to turn back. The question is always:
do you have what it takes?

THE ODDS ARE AGAINST YOU

The odds are against you, why would you do it?

In another article ([Why Would Anyone Have an Online Business](#)), I wrote: I started my **online business** as a way to fund a **non-profit program** that I was working on at the time. Many people start their *own business* because they are looking for a *career change*.

You and you alone can answer the question:

DO YOU HAVE WHAT IT TAKES?
